And before anything, Ill be gone.

Surrounded by love I discover * Something there for us *
 in the middle of the city * It's there waiting *
 to be discovered * So let us see it Open wide *
 Like a flower * Life a journey *
 to be followed * Surrounded by love I discover *

Hey baby girl, I just met a mermaid
omg so pretty...
I saw her bleeding
it was so pretty

Hello, it's just me!
I've been thinking of you
I've been having thoughts, I've been "wondering"
And I'll go somewhere else in my mind
maybe in front of the sea
And I have some nightmares when I sleep in my bed
And I have some dreams that I want to see in real life
and I wonder
and I wonder
and I wonder around around...
